

SAY HELLO TO

MOUNTAIN SERIES

CABINETS

 **TRIUMPH**
— KITCHENS + MILLWORK —

Smart Design. Built to Perform.

If you're looking for a kitchen that delivers on style, durability, and value—without the long wait—the Mountain Series was made for you.

This collection is designed to bring you high-quality cabinets, built fast and priced right, so you can enjoy a beautiful space that fits your lifestyle and your timeline.

Quick Turnaround

You won't be waiting months. Most orders are delivered in just 1-2 weeks. Full truckloads are delivered within 15 business days.

Built to Last

With all-plywood construction, soft-close doors and drawers, and factory-applied finishes, every cabinet is made to handle real life—beautifully.

Smart Style, Smarter Price

We've curated only the most popular styles and finishes to offer timeless design at a smart, value-driven price.

HUD APPROVED as our cabinets meet ANSI A161.1

TRIUMPH
— KITCHENS + MILLWORK —

Soft-Close Hardware

6-way adjustable hinges & full-extension under-mount guides for smooth operation.

All-Plywood Construction

1/2" plywood ends, 3/4" plywood adjustable shelves.

Solid Wood Dovetail Drawer Boxes

Sturdy, durable, and designed for long-term use.

6-Way Adjustable Hinges

All cabinets feature fully concealed, 6-way adjustable cup hinges, offering a sleek and modern look. The hinges include a soft close self-closing feature with a deactivation option, allowing for soft and quiet door closure.

Adjustable Shelves

Our cabinets come with $\frac{3}{4}$ " thick adjustable shelves made of plywood with a natural maple laminate finish or a furniture board alternate. These shelves are easy to clean and customize, perfect for meeting all your storage needs. In base cabinets, the shelves are half-depth for convenient access to stored items.

Butt Doors

All double-door cabinets up to 36" wide feature butt doors, eliminating the need for a center mullion. This design maximizes storage for large bowls and platters without unnecessary obstructions.

BUILT TO LAST. DESIGNED FOR LIFE.

Your time matters—so does the quality of your kitchen. That's why our Craftsman Series is thoughtfully built for speed without cutting corners.

Each cabinet is crafted by skilled hands, designed to fit your space, look incredible, and stand the test of time.

Smooth, Durable Finishes

Our paints and stains are factory-applied for a beautiful, lasting look you can count on.

Curated, On-Trend Styles

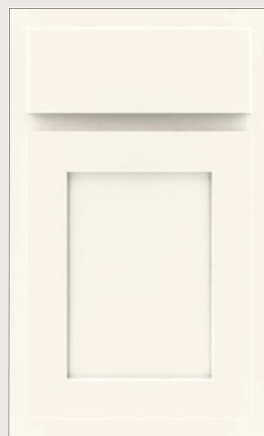

We offer only the most popular finishes and door styles—so you get timeless design, faster production, and better value.

Our Proven Process

From your first idea to final install, our team is with you every step of the way. We double-check every cabinet before it ships, so when it shows up—it's exactly right. No surprises. Just a smooth, stress-free experience from start to finish.
